

Get help with social studies and history

Live online tutoring, writing lab, and more!

Tutoring Subjects

Live online tutoring for students in grades 3 - 12 in social studies, U.S. history, and global history. *Tutors are available from 10:00 AM - 10:00 PM daily.*

Writing Lab

Students can securely and anonymously send their papers for review to the Brainfuse Writing Lab. Brainfuse tutors will not edit papers. Instead, they provide feedback and guidance on how to improve various writing skills including organization, development, grammar/mechanics.

Send Question

If students do not wish to connect with a live tutor or do not have time for a live tutoring session, they can use Send Question to get assistance. Brainfuse tutors do not provide answers. They help by providing the necessary information so that you can find the answer on your own.

Skills Building in SkillSurfer

Visit SkillSurfer to review social studies and history lessons, videos, and practice tests.
